

Ocloc™ TC

Ocloc TC Stakes Horticulture solutions

Manufactured in Australia

- **Ocloc TC** is a versatile stake for growing tomato's, capsicums and crops requiring support
- The **Ocloc TC** stakes, string and wire holes are rounded to reduce wear and tear. Wires or string can be easily inserted into the Ocloc wire holes
- Distances between holes 75mm or 150mm.
- **GALFAN Coating** 5% Aluminum, Rare Metals, 95% Zinc, the ultimate in corrosive resistant finish
- Available in 1.8mm or 1.65mm thick G450 High tensile steel
- **75mm wide stake** for air flow
- **Quick and easy to install**, hand rammers, petrol or tractor ramming. No staples or clips
- You can remove with the Ocloc post puller at the end of the season and reuse next season
- Ramming heads are also available
- **Australian designed, made and owned**

Ocloc™
